WHY COUPLES CHOOSE DJ OTB

MORE THAN JUST A DJ

One professional shaping the energy of your entire day

READS THE ROOM

DJ OTB reads the room, adapts to your guests and shapes the energy throughout the day — from relaxed background music and entrances to the moment the dancefloor comes alive.

DJ & MC IN ONE

One professional handles both music and MC duties. Grand entrances, announcements, speeches and toasts — your evening flows without multiple suppliers or awkward handovers.

CULTURALLY FLUENT

Sets that move naturally between Afrobeats, Amapiano, R&B, Soul, Reggae, Dancehall, Hip-Hop and House — different influences woven together without losing the personality of your celebration.

PROFESSIONAL & RELIABLE

NADJ Pro Member · £10,000,000 public liability insurance · PAT-tested equipment. Professional preparation and clear communication from planning through to the final track.

> “Our guests described the atmosphere as classy — one of the best celebrations they had attended in years. The dancefloor stayed busy with strong energy maintained right through to the close.
